

Easter Week PROGRAMME

Monday 14th April 2025

We recommend starting the day with the Hammam Ritual: a precious body exfoliation using black argan-oil soap and the 'kassa' glove; the rassoul clay mask that cleanses, absorbs, purifies, remineralises and makes the skin radiant; and finally, the myorelaxing massage with 100% pure argan oil, which, thanks to its nourishing, protective and regenerating properties, helps to slow down premature skin ageing.

We recommend a visit to **Chioggia**, also known as 'Little Venice'; it is one of the 40 islands of the Venetian lagoon. Martino, one of the most characteristic and valuable buildings of the city's artistic heritage, and the cathedral by Baldassare Longhena. The visit continues with the Vena Canal, the city's most picturesque spot overlooked by the Antico Granaio and the Pescheria, and ends with Ponte Vigo, an elegant bridge facing the lagoon.
